Antistatic Ring Binder

105-0020

The materials used in our antistatic ring binders reduce the build up of static electricity and avoid inadvertently causing damage to sensitive components and equipment. Even the smallest electrostatic discharge can result in expensive repairs, unscheduled delays and preventable downtime making this a valuable addition to your workstation.

Portrait antistatic ring binder, finished in blue permanently antistatic PVC with either 25mm or 50mm rings.

FEATURES

- Dual fold spine construction ring binder with 25mm and 50mm D-ring mechanism
- 2.25mm recycled grey board covered with 0.35mm thick permanently antistatic light blue PVC
- Marked with the ESD warning symbol to BS EN 61340-5-1 on the front and on the spine
- 65mm spine label pocket
- 2 and 4 hole configurations
